VERMONT

Vermont's luxury, five-star experience, **TWIN FARMS,** is ensconced in 300 acres of New England forest. The idyllic escape has an ecclectic art collection throughout the 20 uniquely designed rooms. Visitors indulge in superb meals and fine wines and often choose to curl up by the fire as snow falls outside. Surrounded by ski resorts and miles of trails for snowshoeing and cross-country skiing, the inn is near the Green Mountain Horse Association, a non-profit organization that hosts all kinds of equestrian activities, such as their winter sleigh rallies.
