VERMONT

Head to Vermont for a long weekend to embrace the winter and spend some time on the slopes. The cozy and well-appointed **Twin Farms Resort & Spa** is the perfect landing spot. Set on 300 acres, an hour and a half drive from Burlington, Twin Farms is a haven of privacy and seclusion. Though many run from all-inclusive resorts, this exclusive enclave spares no expense to guarantee that your palate is sated and elated. There are no menus: finely crafted meals and wine pairings are created just for you. (Prior to arrival, a concierge will work with you to ensure that you have exquisite dishes.) And by taking advantage of the six downhill skiing slopes on the property, you bypass the crowded slopes of Aspen.
